Assets

- Listening skills
- Team spirit
- Autonomy

Computer skills

Software
- Excel
- SolidWorks
- Word
- PowerPoint

Programming languages
- Python
- C
- HTML
- SQL (fundamentals)

Interests

Sport :
- Volleyball (12 years in a club, French Youth Cup and national level)
- Alpine skiing
- Hiking

Piano (5 years)

Travels in Europe :
Ireland, Portugal, Spain, Italy, Switzerland, Germany, Greece

Social networks

Manon Coulon

Manon Coulon

Engeneer Student

As a second-year student at ENSEEIHT studying Electronics, Electrical Energy, and Automation, I am interested in the design and optimization of intelligent energy and automated systems. Curious and dedicated, I seek for a 2 months internship

Education

Engineering Studies in Electronics, Electrical Energy & Automation (3EA)
Since Sept. 2025 ENSEEIHT Toulouse

Two-year intensive undergraduate course
From Sept. 2023 to July 2025 Lycée Thiers Marseille
- Acquisition of solid skills in mathematics, physics, and engineering sciences

Baccalaureate
From Sept. 2020 to July 2023 Lycée Thiers Aix-en-Provence
- With distinction
- Specialization in Mathematics and Physics
- European option (English)
- Sport option (Volley-ball, climbing)

Work experience

International Experience – Woofing in Ireland
From Jun. 2026 to July 2026 Little Black Hill Farm Killarney, Ireland
- Participated in the day-to-day management of a vegetable farm, from growing and harvesting to packing
- Gained first-hand experience of sustainable agriculture and permaculture practices
- Worked and communicated daily in English within a multicultural team
- Strengthened adaptability, autonomy, teamwork and initiative

Olympic Games volunteer: Welcoming, guiding, and informing spectators (French and foreign)
Aug. 2024 Olympic Games Paris
- Practicing English with foreign spectators
- Spontaneously approaching others / Being attentive
- Being responsive and independent depending on the context
- Managing conflict situations / Demonstrating diplomacy and persuasiveness
- Managing stress

Observation internship
Feb. 2020 Atos (Eviden) Aix-en-Provence
- Discover the overall functioning of a technology company and industrial project management.
- Observe several professions: engineering, quality control, methods, production, and logistics.
- Introduction to professional tools: SAP software, CAD (Pro-Engineer), measuring and testing instruments.
- Development of listening skills, rigor, curiosity, and adaptability in a professional environment.

Volunteer at the VNL (Men's Volleyball Nations League)
Jun. 2018 Men's Volleyball Nations League Aix-en-Provence
- Ball girl
- Greeting the public

Skills

Design and implementation of experimental protocols (TIPE)
- Study of the adverse influence of temperature on the performance of photovoltaic panels
- Experimental measurements
- Interpretation, comparison, and validation of experimental results in relation to theoretical models
